

SABRAGE

Sunday 19th February 2012

A chance to visit the delightful Cinque Port Town of Rye.

No town in the Kingdom evokes the atmosphere of medieval England more than the Ancient Cinque Port Town of Rye, with its ancient fortifications, cobbled street and picturesque period houses. Virtually the whole town is a conservation area with delightful old buildings, many of which date from Tudor, Elizabethan and Georgian times. Just to browse around the old town is a delight with so many antique shops, antiquarian bookshops, art galleries and privately owned shops – very few multiples here!

On Sunday 19th February Kerry de Courcy will present a special **Sabrage Sunday Break** at Rye Lodge Hotel, an official Caveau of the **International Confrerie du Sabre d'Or**. Guests will arrive during the course of Sunday afternoon and settle into their comfortable rooms where they will find fresh flowers, fruit, chocolates and a half bottle of **Philippe Brugnion Champagne** to welcome them!

At 7.00 pm there will be a **Champagne Reception and Sabrage** attended by the UK Ambassador **Julian White**. At 8.00pm a **Special Gala Dinner** will be served in the Terrace Room with accompanying Champagnes and wines. Finally Coffee and Liqueurs will be served in the lounge.

On the Monday morning you will enjoy a hearty breakfast in the Terrace Room or, if you wish, Room Service will bring breakfast to you in your room. Before, or after, breakfast you can swim in the delightful **Venetian Pool**, have a Sauna or maybe an Aromatherapy Steam Bath. For the energetic there are also walking and cycling machines available!

The morning will be at leisure, so you will have an opportunity to explore Rye. Popular with visitors since **Queen Elizabeth I** visited in 1573 and dubbed the town '**Rye Royal**'. Rye Lodge is within the citadel and all the attractions of this ancient town, including **St Mary's Church** and the historic **Ypres Tower**, are close by.

Coffee and biscuits will be served in the Terrace Lounge at 11.00am for those who people would like it and at 12 noon **Kerry de Courcy** will present '**In Celebration of Champagne**'; a light hearted presentation upon the history of Champagne and some of its illustrious names.

At 12.45 pm we will present a tasting of some of the finest **Prestige Cuvees** in the world. These will include Louis Roederer's **Crystal Brut**, Pol Roger's '**Cuvee Sir Winston Churchill**', **Dom Perignon 2002** and **Dom Ruinart 1993**. Following this a **5 course Tasting Lunch** with Champagne and fine wines will be served followed by coffee.
